 - **No stock fund at base level**
 - **No O&M charges**
- **Contractor manages peculiar parts only**
- **Programs required to interface with SBSS**
 - **Some programs outside of SBSS**
 - **Currently working issue with ASC**
- **Contractor ICPs identified with F numeric, numeric (F-77, F-06, F-01, etc..)**
- **Processing transactions through DAAS**

U.S. AIR FORCE

Supply Policies (cont'd)

- **Pushed levels**
 - **Using RBL format for reparableables**
 - **Pushed the same time as AFMC**
 - **Using ASL format for consumables**
- **Web-Enabled Initiative**
 - **C-17 Program and AMC and AETC**
 - **Levels determined by AMC, AETC and Boeing**
 - **Boeing pushes parts to bases**
 - **No requisitioning action by SBSS**
 - **Only includes consumables**
 - **Reparableables in next phase**

U.S. AIR FORCE

Supply Policies (cont'd)

- **Lateral Support Process**
 - **RSS cannot lateral contractor managed parts**
 - **Must source ICP**
 - **Contract is binding document**
- **Readiness Spares Packages**
 - **CONOPS developed and implemented**
 - **Contractors part of process**
- **Accountability and control the same**
 - **DIFM processing the same as Air Force managed**
 - **No financial transactions**

U.S. AIR FORCE

Supply Policies (cont'd)

- **Cataloging parts using Government systems**
 - **Packaging**
 - **RIMCS**
 - **Alpha budget coded**
- **Liaisons at base or RSS**
 - **Working local issues**
 - **Can direct redistribution actions**
- **AFMAN 23-110 updated with retail supply policies**
 - **Special chapter on overall process**
 - **Other policies included in applicable chapters**

U.S. AIR FORCE

Supply Policies (cont'd)

- **Good process BUT.....**
- **Some challenges remain**
 - **Contractors accepting idea of ICP but lack knowledge of requirements**
 - **Warranty parts management**
 - **Support for new users**
 - **Updating other regulations**
 - **New programs requesting ICP assignment**
 - **Contractor part of working groups**
 - **Need MAJCOM logistics involvement early in process**

Summary

- **Contractor management will continue to grow**
- **Must continue to make process transparent**
- **Partnership between RSS, base and contractor**
- **Information systems must interface**
- **Continue to work policy issues**
